

**PETER REMINGTON**  
*FOUNDER AND CEO*

Peter G. Remington created The Remington Group in 1995 as a full-service consulting firm in order to provide strategic partnerships and expertise in various philanthropic areas. The firm he envisioned would combine the agility, professionalism, ethics, contacts and prospect knowledge of the local firm with the expertise, range of services and organizational resources offered by the traditional national firm. Over the years, the firm has assisted its clients, both large and small in raising over \$4 billion locally, regionally, and nationally. The firm has also worked with 3 governors and 5 mayors to help with the community.

Remington, an industry leader celebrating more than 48 years of philanthropy related experience, served in several key leadership positions prior to creating The Remington Group. His experience includes tenure as the Vice President of External Relations at the University of Detroit, Chief Development Officer with The Detroit Symphony Orchestra and Unit Director for the United Foundation. Peter is known for both his skill as a fundraising professional as well as his true commitment to the community.

Peter has served on more than 40 Boards and Commissions, including the Chairman of Neighborhood Housing Organization as well as personally participated in many efforts to continue the advancement for the City of Detroit and the State of Michigan, especially its children. Remington has also received honors from the state and the city of Detroit by both the mayor and the city council for his philanthropic efforts in the community.
