

## **Center for Social Work Research**

### **Description of Charges**

Service charges are developed based on the scope of the work. Hourly rates vary depending on staff level with a range from \$16/hour for student assistants to \$150 for some faculty. Most research staff have an hourly rate of \$75 - \$90/hour. In addition, if a project could logically include students who could receive credit, there would be no fee for those hours.
