ABOUT MUTUAL OF AMERICA

More than 80 years' experience serving nonprofit organizations

In 1945, Mutual of America was founded with a mission: to provide retirement services to nonprofit organizations. Our product offering has evolved over time, but our reason for being remains the same to this day.

Extensive Nonprofit Experience

Community Building

Mutual of America is dedicated to making a difference in the world, not only by helping individuals meet their long-term financial objectives, but also by having a direct, positive impact on the future of our society. Years of working with nonprofit organizations have convinced us that we have an obligation to give back to the communities we serve. As a Company and as individuals, we strive to find ways to help better our world.

The Community Partnership Award is one way our Company is working to help build a strong, vibrant society for all Americans. Established in 1996, the Community Partnership Award recognizes and encourages partnerships among public, private and social sector organizations devoted to the public good.

Since its inception, the award has recognized over 250 partnerships from cities and towns across America. All of the honorees are leaders in society, creating innovative and effective solutions to help those in need. They share a vision of the future in which collaboration, compassionate action and inclusion are the highest values.
